Doubts as to Whether the President Favors the Chinese Bill.

Senator Teller to be Secretary of the Interior—The Chinese Bill Still Hangs Fire in the House.

[Associated Press Dispatches.]

WASHINGTON, March 22.—Several Western Senators called upon the President this morning to urge the promotion of Gen. Crook to Major General in the army. The President replied that he fully appreciated Crook's ability and services, but could not promise the appointment, as there were two or three in the army above Crook in rank, and he did not like to jump him over their heads. He said it would gratify him personally to advance Crook, and he would certainly give his claim every consideration. Generals Terry and Pope outrank Crook.

CHILEAN PROTOCOL CONFIRMED.

Martinez, the Chilean Minister, received an official dispatch confirming the authenticity of the protocol agreed upon between the Chilean government and Trescott.

WHITTAKER ORDERED RELEASED.

President Arthur issued a formal order disapproving the sentence of the Court Martial in the Whittaker case, and ordered his dismissal from arrest.

WASHBURN ALARMED AT THE CHINESE BILL.

In the House the Chinese bill was taken up and Washburn spoke in its favor, claiming continuance, and that Chinese immigration would bring about the greatest of all dangers.

HOOKER OPPOSES THE CHINESE BILL.

Five speeches were made to-day on the Chinese bill, four by Republicans, viz.: Dawes of Ohio, Bayne, Butterworth, Scranton and McClure, all in favor of the bill, and one by Hooker, a prominent Southern Democrat. The latter strongly opposed the measure on humanitarian and commercial grounds. Page will move the previous question to-morrow, but would not insist on it if further debate was desired.

WANTS IT AMENDED.

The debate on the Chinese bill has been conducted by Kasson, of Iowa, and Lord, of Michigan, in opposition to the bill, unless materially amended, and by Tucker, of Virginia who is now making a powerful argument in its advocacy. The discussion will not terminate until sometime to-morrow.

MORRISON MARSHAL FOR NEW MEXICO.

The President has nominated A. L. Morrison, of Chicago, as U. S. Marshal for New Mexico.

GOVERNMENT RELIEF FOR THE FLOOD SUFFERERS.

The Secretary of War has ordered three hundred thousand rations issued at New Orleans for the benefit of the Louisiana sufferers; two hundred thousand at Memphis for Mississippi; fifty thousand at Helena for Arkansas; and ten thousand each at Charleston, New Madrid and at Gayoso, for Arkansas.

CHANGE IN THE REVENUE TAXES.

The House Committee on Ways and Means have adopted, by six to five, the following resolution:

Resolved, That the sub-committee on changes in the internal revenue be instructed to report a bill abolishing all internal revenue taxes except the tax on distilled liquors, malt liquors and manufactured tobacco, and the taxes on bank circulation, on alcohol, medicines and sewing machines we leave to the discretion of the House.

REPUBLICAN CAMPAIGN COMMITTEE.

The Republican caucus chose as members of Congress on the Campaign Committee, from California, H. F. Page; from Nevada, John P. Jones; from Oregon, M. C. George. Colorado has not chosen a member.

HE HADN'T PURCHASED HIM.

J. R. Shipperd was before the House Foreign Affairs Committee to-day. He asserted that his sickness was bona fide. When asked for the letters of May 21, 25, 31 and June 4th, he said there was some fatality about them, as he could not find the letter of the 21st in his files. During the examination by the committee concerning his interview with Hurlbut, Shipperd said that the former, in his opinion, could be purchased. He had not purchased Hurlbut, but had simply "prevented him from viciously selling himself against us."

SECRETARY OF THE INTERIOR.

The Star says to-night that it is stated by persons thought to be well informed that Senator Teller, of Colorado, will be nominated Secretary of the Interior. Private dispatches from Senator Teller to his friends in Denver state that he will be appointed Secretary of the Interior to-morrow or next day. His friends say that Arthur offered him the place some time ago, but he then desired to be his own successor in the Senate. He has now become persuaded that the Senatorial fight will be too hot, and has consented to accept the Interior position.

THE CABINET ACT IN THE WHITTAKER CASE.

At the Cabinet meeting to-day the case of Cadet Whittaker was disposed of by disapproving of the sentence of dismissal from the service, imposed by the Court, on the ground that technical evidence taken at the trial was improperly introduced.

RECOMMENDATION FOR MERCY.

Judge Advocate General Swain, it is understood, recommends modifications of the sentence of Sergeant Mason upon the ground that Guiteau was not in a position where he could possibly have been killed by Mason. He thinks that under such circumstances a charge of assault with intent to kill cannot be sustained.

THE RECORD TO BE MADE PUBLIC.

The record of the court-martial case of Cadet Whittaker will be made public to-morrow through a special order of the Secretary of War.

SUGAR TAX REDUCTION.

A reduction of the tax is reported on sugars, and of the special taxes on dealers, manufacturers, etc.

EASTERN.

[Associated Press Dispatches.]

ROBERTSON WON'T TALK.

NEW YORK, March 22.—Collector Robertson, on being interviewed in regard to the statement made by Shipperd before the Committee on Foreign Affairs to-day, said: "I do not wish to make any statement one way or the other until I have seen a full report of the proceedings."

FRANCIS FOR THE BELGIAN MISSION.

The Commercial's Washington dispatch says: John M. Francis, of Troy, is named for the Belgian mission.

ANXIETY ABOUT THE PRESIDENT'S VIEWS ON THE CHINESE BILL.

The Commercial Advertiser's Washington special says that some friends of the Chinese bill are disturbed over the report that the President does not look with favor on some of its provisions. Of course he has said nothing to indicate what his actual position is, or what he will do if the bill is presented to him for signature; but there is an uneasy feeling that the advocates of the measure do, which is regarded as noteworthy if not significant. The opinion is quite general among members of the diplomatic corps that the passage of this bill will redound to the commercial injury of the United States in the not distant future. It is suspected from certain remarks current that the Secretary of State, Frelinghuysen, does not believe that the limit when the Chinese can again come to this country ought to be fixed at twenty years.

THE SOUTHERN PACIFIC AFTER THE CHINESE BILL.

BOSTON, March 22.—Much speculation was caused on State street yesterday by the sudden appreciation of California Southern Railroad subscriptions. Blocks of No. 2, which sold at 30¢/35¢ premium yesterday leaped, by 25¢, to 150¢. The theory is that the Southern Pacific is after the California Southern in order to head off the California Southern; but the officials of the Southern road say that no negotiations are in progress, and that they know nothing of the cause of yesterday's movement. The buying was by brokers not identified with any large houses, and included stock as well as bonds.

FAST MAIL SERVICE.

Postmaster General Howe, in a conference to-day with merchants and others regarding mail transportation, promised to give attention to the complaint that the Australian mail bound east was delayed by the stoppage at Chicago. He expects to save 24 hours' time in the service between New York and San Francisco.

ROUGH ON ROSECRANS.

CHICAGO, March 22.—Col. Thos. M. Nichols says he had a conversation with General Grant in New York soon after Garfield's election, during which Grant said that Garfield could never speak to either Rosecrans or Hewitt without an entire sacrifice of his own self-respect; that Hewitt's conduct has been outrageously indecent and that of Rosecrans has been worse; that Garfield had been his best friend; had defended, excused and apologized for Rosecrans' blunders for the past seven years; that but for the friendship of Garfield he would have sunk into deserved obscurity long ago; that he was never fit to command an army and could not obey orders; that but for the intelligence of Garfield and Thomas, Rosecrans would have utterly destroyed the entire army of the Cumberland through his ignorance and obstinacy.

THE CHINESE LEGATION TO BE REMOVED.

A Washington special says a gentleman who is in intimate relations with the Chinese Empire said in case the pending anti-Chinese bill passed the House the Chinese Minister would remove the Legation to Spain, to which country he is the accredited representative, and that official intercourse between the United States and China would be mutually broken off. Mr. Bartlett, American Secretary of the Legation, is said to be in hearty accord with the proposed action.

THE PERUVIAN-CHILI CONTROVERSY.

The Inter-Ocean has a Washington special which holds that the Peruvian-Chili controversy has been in every way creditable to the United States, and there is no ground for the scandal now being raised.

A Big Fire.

RIPON, Wis., March 22.—A fire this morning destroyed property facing on the public square to the amount of two hundred thousand dollars.

THE RIVERSIDE FAIR.

The Finest Exhibit of Citrus Fruit Ever Made in the State.

Tables Groaning Under the Weight of Golden Fruit—Pasadena, San Gabriel and San Diego Make Fine Exhibits.

[Special dispatch to the Times.]

RIVERSIDE, Cal., March 22.—The Citizens' Fair opened this afternoon at one o'clock with appropriate exercises. The best judges give it as their opinion that it is the

FINEST DISPLAY

Of citrus fruit ever placed on exhibition in this State. Five large tables, sixty-five feet long, had been provided to accommodate the fruit display, but they being found inadequate to the task tables were built upon the stage, and

STILL MORE ROOM

Is needed. The fair is now in full blast, and

VISITORS ARE HOURLY ARRIVING

From surrounding towns and cities, and thronging to the pavilion. The display from Pasadena, San Gabriel and San Diego is very fine and does credit to those sections. Among some of the

NOTABLE EXHIBITS

Might be mentioned that of McPherson Bros., of Orange. Their exhibit of raisins is simply magnificent, and shows that they understand their business.

JOYFUL NEWS FROM KANSAS.

KANSAS CITY, March 22.—From all over Kansas come reports of a most flattering character in relation to the crop prospects. Wheat is at least a month in advance of the season and never looked better. The unusually mild winter and frequent rains have given all plants an opportunity to spread and strengthen their buds, and now as the weather grows warmer the blades are pushing rapidly and giving promise of a plentiful harvest. Much of the Spring grain has been sown and a large breadth of corn ground has been planted. The prospects are most encouraging.

WIDE TO INDICT THIS COAST.

OMAHA, March 22.—Oscar Wilde goes to San Francisco to-morrow. He had a large audience to-night. Will build to Dallas and San Antonio.

DALLAS, Texas, March 22.—Ruiner says that the Atchison, Topeka & Santa Fe Railroad Company will build to Dallas and San Antonio. Arrangements were previously made to reach Dallas by the Gulf and Pacific road, to be constructed from Sabine Pass.

At Albuquerque it was stated last night that the Chief Engineer and the General Passenger Agent of the Chicago, Texas and Mexican Central road had resigned. Prominent citizens of Dallas threaten to resign unless matters brighten. The home office of this road is in Chicago.

Rhode Island Democratic State Convention.

PROVIDENCE, R. I., March 22.—The Democratic State Convention made the following nominations: Horace A. Kendall, Governor; J. G. Perry, Lieutenant Governor; Jonathan M. Wheeler, Secretary of State; Francis L. O'Reilly, Attorney General; Arnold L. Burdick, Treasurer.

Pennsylvania Democratic State Convention.

HARRISBURG, Pa., March 22.—The Democratic State Convention will be held here June 25th.

A Terrible Wreck.

BISMARCK, March 22.—A terrible wreck is reported at Sweetbriar, about forty miles west of here, on the North Pacific. An engine came here from Mandan for physicians and assistance to attend the sufferers in the wreck. It is stated that Black Jack's work train, bound west, went through the bridge, and the passenger train, but a little behind, followed. Thirty persons are reported killed, and many more injured. All the physicians to be found in this city have just started on a special engine for the wreck. Full particulars at this time are impossible.

LATER.

The following is the latest from the most reliable source: A Bismarck, Dakota, special to the Tribune via the train just arrived, says that nine men were instantly killed and eleven others injured. The cars caught fire and two men were burned. The accident happened two miles east of Sweetbriar, at a place known as Soapstone Cut, at the crossing of Hart river. Four bends of the bridge gave way. Only the work train was wrecked, that of Jack Simon, in charge of the latter, known as Black Jack. The snow plow was en route to Mandan with the killed and injured on board.

SAN FRANCISCO, March 22.—The case of one of the violators of the Sunday law was tried in the police court to-day. The culprit was not a member of the League of Freedom, and to save trouble and expense plead guilty and was let off with a fine of five dollars.

THE EARP ASSASSINS.

Verdict of the Coroner's Jury—They Defy the Sheriff.

TUCSON, A. T., March 22.—A Star special from Tombstone, just received, says the Earp party arrived in Tombstone in the afternoon, went to the Cosmopolitan Hotel, stayed there till 7 in the evening, until Sheriff Behan went to arrest them, when they drew their guns on him and walked out of town, mounted their horses and left for the hills.

The feeling here in Tucson in regard to the assassination of Stillwell is growing more intense hourly. The deceased was here in response to a subpoena from the Court. It is now generally believed that the bandits came down from Tombstone for the purpose of killing Ike Clanton, who has been here for two weeks. To-day, after a hearing before the Coroner's jury, a warrant was placed in the hands of Sheriff Paul for the arrest of the Earp brothers, Dock Holliday, McMassey and others, the implicated parties. Learning that they had returned to and arrived at Tombstone this afternoon, Paul telegraphed Sheriff Behan of Cochise, at Tombstone, to arrest the parties. To-night Sheriff Behan telegraphed Paul that he had attempted to make the arrest and was forcibly resisted by the party and a posse of their friends, and asked for assistance, and the Earp party had fled to the hills. Sheriff Paul left to-night on a special train for Tombstone to make the arrests. There is no doubt but that he will take them, but bloodshed is expected.

The coroner's jury who were empaneled in the case of the assassination of Frank Stillwell, returned a verdict that he came to his death from shots fired by Wyatt and Warren Earp, Dock Holliday, Texas Jack, alias Johnson, and McMassey. Intelligence received to-day says that the Earp party are at Benson. It is thought by many that they will arrive here to-night either to surrender to the authorities or make way with Ike Clanton. It is now definitely known that after they killed Stillwell they searched for Clanton for some time before leaving Tucson. This morning about eight o'clock eight mounted men, heavily armed, all wearing grey slouched hats were seen on the outskirts of the city. Their animals were jaded, having apparently traveled a long distance. They are supposed to be friends of Stillwell from Tombstone, a party of whom left that place last night. Later accounts say Sheriff Paul and Behan are out with an organized force to take the party. A strong posse of armed men are organized here to enforce the law. The indignation of the citizens of Tucson is growing more and more intense. The case of assassination is now before the Grand Jury, which is in session. The Star of Tucson and the Tombstone press condemn the tragedy in strong terms. To-morrow will undoubtedly develop the real intention of the fugitives.

FORMATION OF A MASONIC GRAND LODGE.

The new Masonic hall here will be dedicated to-morrow with grand ceremonies and the Grand Lodge of Arizona will be formed here. Delegations from four lodges are here.

A Deer Mistake.

OAKLAND, Or., March 22.—Mr. Hendricks, aged 17, while out hunting yesterday with Jas. Clark in Shoe String valley, Douglas county, was mistaken by his companion for a deer and shot through the body. He died to-day.

NEWS OF THE MORNING.

The Riverside Fair opened yesterday with a very large attendance.

John M. Francis of Troy, N. Y., is named for the Belgian mission.

A two hundred thousand dollar fire occurred yesterday at Ripon, Wisconsin. The most cheerful news comes from all over Kansas in relation to the crop prospects.

The Democratic State Convention for Pennsylvania will be held at Harrisburg on June 25th.

A. L. Morrison, of Chicago, has been nominated by the President as U. S. Marshal for New Mexico.

Our dispatches this morning give a full account of the terrible railroad disaster at Bismarck, Dakota.

One of the violators of the Sunday law in San Francisco yesterday pleaded guilty and was fined five dollars.

President Arthur has disapproved the sentence of the Court Martial in the Whittaker case, and ordered his release.

The Earp brothers are still at large, but it is thought by the authorities that they are on their way to Tucson to surrender.

Senator Teller, of Denver, Colorado, is now spoken of as the lucky man to receive the portfolio of Secretary of the Interior.

The Democrats of Rhode Island have nominated Horace A. Kendall for Governor, and J. G. Perry for Lieutenant-Governor.

The new Masonic hall at Tucson will be dedicated to-day, and a Grand Lodge of Free and Accepted Masons formed for the Territory of Arizona.

A LARGE FARM.

The leasing of the celebrated Laguna Rancho, which is about seven miles east of this city, is an item of great interest to us, as it will inspire a faith in our future prospects that will lead others to similar efforts to make our now open lands bloom with growing crops. We learn the Company leasing it is composed of men of means and of long experience in California. Among others we hear the names of Mr. Denker of the Cosmopolitan, and that of Mr. Simpson of the gas works, mentioned. It is proposed to farm the ranch on the most extensive scale and plant a variety of crops, as the different sections of the ranch may show an adaptiveness for. The term of the lease we hear is for a term of eight or nine years, and the price is the large sum of \$19,000 per annum.

The Laguna ranch is well known to be of the very richest soil, and most of it has a moist subsoil, that is a guarantee of good crops in any season. And all the land, excepting perhaps a small percentage, is so level, or but slightly rolling as to be capable of cultivation. From what we learn of the proposed improvements it will give employment to a large number of men, and so prove of much immediate benefit to our people who may be seeking labor. As the market for everything the ranch can grow is assured, we hope, and have no doubt the venture will be a grand success. It will be a noble sight to overlook the ranch from the rolling hills that line its western border when it is all under cultivation.

OUR WHEAT OUTLOOK.

An interview yesterday with A. B. Moffitt, Esq., of San Fernando, gives us unbounded assurances that the grain crop of that valley will be bountiful. It has now so favorable a start that the result can hardly be avoided. The grain has good root and there is no much moisture in the ground no drying winds can do material damage if we have average April rains.

Mr. Freeman, of the Centinella ranch, is authority for the assertion that our grain yield will surpass that of any previous year. Throughout his section everything is doing finely.

Mr. McDonald, of Wilmington, whose judgment we place great confidence in, assures us the growth about his place is all that can be desired.

A passenger who returned last evening from a trip to Norwalk and Arteria represents the whole country under cultivation or else being put so, and wherever early sowing was done the ground is well covered by the growing grain. From all the testimony, we feel warranted in saying our grain yield will be large, and the year be one of great prosperity to all.

The editor of THE TIMES yesterday packed his wardrobe in a dollar box and started on a pleasure trip to Riverside to take in the Citrus Fair. Any improvement in Tax Trails this morning may be attributed to that fact.

H. F. PAGE.

The Spirit of the Times has this complimentary notice of Hon. H. F. Page, Congressman for the past ten years from the Second District. He will be renominated this fall without opposition, and returned by a larger vote than ever.

This gentleman has made a splendid record in his management of the Chinese Bill in the House. He has evinced tact, ability, good judgment and common sense, and to a degree that commends him to the very best consideration of his immediate constituents and the people of the State generally. His speech in the House on Thursday in support of the measure was able, eloquent and logical; he debated the bill with force and earnestness, and made a strong impression upon his hearers. Mr. Page has done admirably.

THE DEMOCRACY.

The Democratic State Central Committee have fixed the time for holding, and apportioned the delegates to the coming State Convention. It is to assemble, 450 strong, at San Jose, on June 20th.

TELEGRAPHIC COMPETITION.

George W. Ballou, Vice-President of the Mutual Union Telegraph Company, contradicts the rumor that his company is about to consolidate with the Western Union. He says there is no truth in the assertion whatever.

It is said that the telephone refuses to work in the deep mines on the Comstock. The magnets rust in a few hours, so nothing goes through. Some were tried in the Sutter Tunnel, inclosed in air-tight boxes, but they failed to operate.

California's Broad Acres.

A table giving the assessed acreage of the State has been compiled by Messrs. White & Lissak, of the San Francisco Produce Exchange. In this table San Joaquin county is given an assessed acreage of 858,291, of which 290,000 acres are in wheat and 40,000 in barley; Stanislaus county, 780,795, including 298,000 in wheat and 21,000 in barley; Merced county, 1,012,694, 180,000 in wheat, and 13,500 in barley; Tuolumne county, 182,711, with 7,300 in wheat and 2,600 in barley; Calaveras county, 250,634, with 2,500 in wheat and 3,500 in barley. The total acreage for the State is 25,577,145, of which 3,031,581 are in wheat, 695,250 in barley, 95,000 in oats, 145,000 in corn, 165,000 in beans, and 165,000 in rye.

Triumph of Love.

This fairy spectacle was successfully presented last evening to a good house in Turnverein Hall. Mrs. L. M. Neumayer has labored under difficulties in getting up the entertainment and has reason to feel proud of last night's success. The amateur actors did well. The singing of Miss Nonna Ferner was better than can be told, while Tom Barnes and Mrs. Titus, in the little play sandwiched in between acts, were capital. The play repeated to-night. Go and hear "Love's" singing, and "Sweet Evelina's" too utter jokes.

A Panic.

Last evening while the "Triumph of Love" was being presented at the Turner, some youngsters, who had been stoning a Chinaman, was chased by the infuriated Celestial into the entry of the hall, and began pounding him good. The cries of the boy of "murder," caused a panic among the audience, and in a moment the hall was half emptied. The parties nearest the door quelled the disturbance, quieted the audience, and fired the Chinaman.

Another Manufacturing Enterprise. Geo. T. Hanley, of San Francisco, has purchased a lot between Naud's warehouse and the Yuma track, and is preparing to erect a building thereon to be occupied as a first-class coffee and spice mill. THE SECOND DAY.

Jacob Philippi on Trial for Violation of the Sunday Law

Judge Adams' Court Crowded with Spectators—The Evidence All in and a Verdict Expected To-Day.

The case of the People against Philippi was called at 9:40 A. M. yesterday, in Judge Adams' court.

JURYMAN BAKER FIRED. The jury were called, and all answered to their names except Francis Baker. The Court issued a warrant for his arrest, and at 10:08 he was brought into court by Constable Ling, and fined five dollars.

THE NEWSPAPERS MUST SHUT UP. Col. Godfrey—I wish the court would instruct the newspapers to shut up, and stop their comments upon this case, and quit trying to influence the jury. Here they come out with full reports of the trial and communications from a "Chinaman," and it is time the thing should be stopped.

Mr. White—They had better say nothing on either side; they had better shut up.

Col. Godfrey—Yes; they're a bulldozing the jury; giving them their opinions.

Judge Morgan—You are doing the same thing that the newspapers are!

THE PEN SUSTAINED BY THE COURT. The Court—I think the newspapers have a right to report the proceedings.

Col. Godfrey—Jewish the Court would instruct the jury not to read the newspapers.

Godfrey—Now, then, we offer a resolution of the Common Council of the city of Los Angeles providing for the time and number of hours when saloons in the city of Los Angeles shall be closed on Sunday, for the purpose of showing that the Council of the city of Los Angeles, in its charter, acted in accordance therewith as regulating the hour of closing saloons on Sunday, that the defendant did not have his saloon open those hours prohibited by the city ordinance.

Morgan—I object. This cuts about as much of a figure in this case as a resolution of the League of Freedom, Sustained.

Mr. Robinson—Have known the defendant for ten years or more; have known where he keeps his place of business for a number of years; his reputation is good for peace and order; never heard any one question it; presume it to be good.

Morgan—Did you ever hear anybody speak in favor of it?

No.

JACOB PHILIPPI. The defendant, was then sworn—Resided in Los Angeles for twenty-three years; kept saloon sixteen years in this city; kept open for the transaction of business on Sundays before this; kept it open on last Sunday.

THE LICENSE. Godfrey—Have you your license from the city of Los Angeles for doing business? Witness produced it, and handed it to Col. Godfrey, who proceeded to read it.

Morgan—I object; it is irrelevant and immaterial. If he has a license there is a record of it, and the record is much the best evidence.

Godfrey continued reading the license. Morgan objected.

The Court to Mr. Godfrey—You may show it to me; I don't want it to go to anything till I know what it is.

The Court refused to allow the license to be read.

Godfrey—In this company it is not necessary to set forth the ordinance. The point we make is that this jury may convict for that crime upon conclusion that the defendant was doing business without a license.

Morgan objected.

The Court—In the complaint against the ordinance it is necessary to state which ordinance it was against, but this is an offense against a statute.

Godfrey—That is, is city license, number 483, name Jacob Philippi.

A LITTLE EXCITEMENT. Morgan—I will go out of the courtroom if Col. Godfrey bulldozes the Court any more this way.

The Court—Don't get so excited, Judge Morgan, I'll take care of the right.

Morgan—I'm the best judge of my own excitement.

Godfrey—Mr. Philippi, for what purpose did you keep your saloon last Sunday?

Philippi—To transact business.

Godfrey—For what reasons did you keep it open on that day?

Philippi—I kept open because I thought it was right to do so under the city ordinance, as I had been legally advised.

Morgan—I move that his answer be stricken out.

The Court—The motion is granted so far as it relates to anything pertaining to the city ordinance.

Godfrey—Whether or not in so keeping open your saloon you did not intentionally violate any law of the State?

Morgan's objections sustained.

Godfrey—Mr. Philippi, I want to read the record of your license. Read it.

Philippi—Did you ever hear of that law during the sixteen years of your saloon experience?

Philippi—I did not.

Godfrey—Now, then, here is another law, Mr. Morgan, Statutes of California, page 645; have you any objection?

Morgan—I don't know the law; let me see it; I have no objection.

Godfrey then read the Title. This is Section 5, Article 1, entitled an act to amend an act to revise an act to amend the charter of the city of Los Angeles, approved March 30, 1878. He then read the ordinance. Now, Mr. Philippi, I suppose you knew of this charter, did you not?

Morgan—I object on the ground that it is a matter of proof whether he did or not, besides being irrelevant and immaterial.

The Court—Do you wish to argue it?

White—I want to get the objection written down first.

The Court—I do not make any ruling.

Godfrey—Was that, Mr. Philippi, the charter under which you received your saloon license?

Morgan—I object to this matter as not being about any ordinance of this city.

Sustained.

Godfrey—We do not know that.

Morgan—This it does; it is not State law.

Godfrey read the Statutes of California, of 1877-8, page 647, section 1, article 4. He then wanted to read the charter of Los Angeles; Morgan objected.

Godfrey—What is it he objects to, we have offered in evidence.

The Court—I will stop this; it is only another way to get the law before the jury. The objection is sustained.

Here followed a series of statements for the "laying foundation for a question," with attempts to read the charter, with the usual objections of the prosecution and rulings of the Court.

COL. THOMAS S. HALL. Sworn—Have resided in Los Angeles for nine or ten years; am acquainted with the defendant; know about the time he opened in the saloon business in this building; it was not exactly in the same place; the reputation of the defendant and his place of business is good; never heard it questioned; he has kept his saloon open seven times a week, as far as I remember; invariably found it open.

Cross-examined—It was open last Sunday; do not know for what purpose; there was business transacted; bought a glass of wine, drank it and paid for it.

J. S. TROBMAN. Sworn—Am Mayor of the city of Los Angeles; resided here nineteen years; known the defendant some six or seven years; his business was open some six or seven years; he was in the saloon business since 1872-3 in the same place he now is; his reputation is good; never heard anything against Mr. Philippi nor his place of business.

COL. J. T. WARNER. Sworn—Resided in the city of Los Angeles; have known the defendant ever since he was a teenager with Mr. Banning more than ten years ago; known him as a saloon keeper for ten or ten years; have frequently visited his place of business; his reputation is good; better than most places where beer and whisky is sold; often stop there in going to or from church on Sunday; one part of his saloon is for reading and the other for beer and lunch.

CROSS-EXAMINED. Was in there last Sunday; did not go to church; it was in the afternoon and the evening; drank some toddies; was not at the bar; was sitting in the reading room; a friend of mine brought them to me; he bought them of some of Philippi's employees.

C. F. HEINEMAN. Sworn—Am a druggist; have resided here fourteen years; known Mr. Philippi all the time I have been here.

CROSS-EXAMINED. Took a glass of beer there last Sunday from the barkeeper; was there at 11 A. M. and again in the afternoon; took a glass of beer each time.

W. S. CULLEN. Sworn—Am County Tax Collector; reside in Los Angeles; am acquainted with the defendant; know his place of business; drank a glass of beer there last Sunday at his bar.

J. S. AYERS. Sworn—Am a journalist; know the defendant; the character of him and his place of business is good; was not there last Sunday.

D. M. BERRY. Sworn—Am a journalist; know the defendant; his reputation is good; was not there last Sunday.

DEFENSE CLOSURE. Several more witnesses were examined whose testimony did not differ essentially from the foregoing. The testimony for the defense being closed, the arguments were postponed till to-day at 10:15 A. M.

Artesia and Norwalk. We have had about two inches of rain in the last eight days, and the wheat and barley is coming up better than farmers thought it would. We are going to have a good crop of small grain in this part of the county. Some of the farmers are plowing for corn. We are having showery weather. Stock hogs and milk cows are in good demand; so are work horses. I think some of the farmers that sold their stock hogs would like to have them back since the rain.

John Branch and family have returned from a pleasure and fishing expedition down on the coast. He has sold 20,000 Bartlett pear, 30,000 apple and 30,000 apricot trees, and numbers of all other trees of the best varieties. Mr. B. has been a benefactor to the country by introducing and encouraging the planting of the best varieties of fruit and ornamental trees, shrubs and flowers. Downey has not been struck by a business boom, but still all her business men appear to be doing well.

MESSRS. FRANKEL BROS. Carry an immense stock of general merchandise for a town of this size, and will shortly commence the erection of a two-story brick block for the accommodation of their growing business. I met a

LOS ANGELES WHOLESALE MERCHANT. Here offering goods at a little less than San Francisco prices, with freight added, and he was selling them, too, which shows that Los Angeles is assuming her proper place as the business center of Southern California.

THE OIL FACTORY. Is turning out over one hundred gallons oil daily, and among the things needed here are a cheese factory and a pork packing establishment.

MESSRS. FURCELL AND TAYLOR. With their sprightly paper, the Signal, are doing all they can to build up the county by showing up its good points, and while they are both Republicans they are in high favor with the Democracy here because they came out squarely in favor of the enforcement of the Sunday law. You may rest assured that, although the Herald has promised to turn the Democratic party of Los Angeles over bodily to the League of Freedom, he cannot deliver the goods, so far as this section is concerned. They are not that kind of Democrats, and will vote almost unanimously, not only to enforce the law while it is a law, but to change the law so that they will continue the law on the statute books.

FRANK COOPER. Lives here. I don't wish to speak ill of anybody, but Frank is a Supervisor, and of course ought to be abused on that account, if for nothing else. But my old gray horse says he got his full measure of barley at Cooper's livery stable, and was well cared for, so, as the horse speaks well of the man, and his neighbors agree with the horse, we will have to take the unanimous verdict and let him off without the abuse which is supposed to be an officialholder's due.

A Meeting of Our Business Men. The suggestion made by the Times in last Sunday's issue with reference to the advisability of holding a public meeting at some central point for the purpose of organizing a "Society for the Promotion of Manufactures" is evidently regarded favorably by the manufacturer and a large proportion of the business men of this city. Therefore the Times would further suggest that a meeting be held for the purpose aforesaid in the Western Union Telegraph Company building, on next Saturday evening at 8 o'clock.

Mr. E. A. Edwards, of the Continental Oil and Transportation Company, will see that a sufficient number of seats are provided for all who may attend. It is to be hoped that a large number of representative manufacturers and business men will be present and give this worthy project such a vigorous start as will prove to the community that men of pluck and persistence have not deserted the ball and with the full determination of keeping it rolling.
